Healthy Brain
Function**

Scientific research documents the ability of Ginkgo to maintain peripheral circulation to the arms, legs and brain.** In addition, Ginkgo helps improve memory, especially occasional mild memory problems associated with aging.** Ginkgo also possesses antioxidant properties that may help neutralize cell-damaging free radicals.** Studies have shown that oxidative stress caused by free radicals may contribute to aging.** To enhance the bioactivity of the standardized Ginkgo, we've added 400 mg of Ginkgo Leaf per serving.
